Our Vintage Instant Photo Bureau is a great alternative to a photo booth, or if you simply fancy something a bit different. Comprising of a beautiful vintage console table with matching picture frame, complete with a vintage look instant camera. We include enough film to produce 100 prints, fun props, mini wooden pegs, a special pen for writing on your prints and a small guest book for you to place your pictures in after your big day.

Our Vintage Instant Photo Bureau is hired for the day & night. Your guests simply help themselves to take a selfie or a posed group shot. The picture is produced instantly and your guests can write a small message on the space provided at the bottom of the print.

The picture is then pegged on to the picture frame to be displayed. At the end of the night, one of our team will place all of the pictures into a plastic sleeve along with a small guest book for you to create your own memory book of your big day.

I'm Jonny Regan, founder of PictureBook PartyBooths.

"We hired these guys for my sister's 50th in Leeds. They really are the best at what they do. I've never seen a photo booth as good as this. I can't recommend them high enough. Worth every penny!"

Jon Firth

"What an amazing company! All of our guests commented on how hilarious, unique and brilliant the booth was. You had us all in kinks and really made it a fantastic night!"

Katie Buglass

"WOW! What an amazing experience! I've seen other photo booths but this one is the best by far. Jonny and his staff are absolutely bonkers and great fun."

Phil Gowland

When creating the company seven years ago we didn't just want to be a run of the mill, self-service, pose-and-go photo booth hire service like the rest. We wanted to create a fun, interactive, entertainment experience that would bring out the naughtiness and playful side of everyone.

We stay with you all night and our fun loving PartyBooth Crew, dressed in vintage costume, join in on the fun and even dress your guests before they enter the booth. Your guests have no idea of how we've dressed them until they see themselves on screen inside the photo booth. The reaction is priceless! Rest assured that not all of your pictures will be completely bonkers as we make sure everyone who uses the photo booth have a mixture of hilarious pictures and nicely posed pictures, all printed onto a personalised 6 inch by 4 inch postcard.

As the night goes on, our crew add a few games in to the mix so no matter how many times you use our photo booth, we'll always have something different up our sleeves ready for your next visit. We're the only photo booth company in the UK who personalise your guest book and photo booth prints using pictures of the happy couple which you email to us a few weeks before your big day. Whether it be pictures from your favourite holiday, professional pictures taken by your wedding photographer at your pre-wedding shoot, or selfies on a night out, we create something totally personal to you, making 'YOU' the brand on all of your booth prints!

All of our photo booths really are second to none and we have gone the extra mile to add some luxurious touches you won't get from any other booth company in the UK! Our photo booths have to be seen to be believed so to get the full effect, why not check our events page to see which upcoming wedding shows we will be attending! When you choose us here at PictureBook PartyBooths to be part of your special occasion, you're not just hiring a photo booth from us, you're hiring a show stopping, hilarious, entertainment experience. We guarantee we'll make your night, a night to remember!
